JFrame

CASUAL.CASUALLog

```
classDiagram
    CASUAL.CASUALLog --> JFrame
    CASUAL.CASUALLog --> JFrame
```

The diagram illustrates a class hierarchy where the `CASUAL.CASUALLog` class is the superclass for two `JFrame` classes. A horizontal line with upward-pointing arrows at both ends connects the two `JFrame` boxes. A vertical line descends from the center of this horizontal line to the top of the `CASUAL.CASUALLog` box, indicating inheritance.
